

CLAIM

"Claim" means a written demand for payment, submitted by a provider on a single claim form following State approved procedures, for health care services furnished to an individual recipient for up to one month, with the exception of long-term care facility services.

For long-term care facility services, each line item for an individual recipient shall constitute a claim for up to one month. There may be claims for more than one recipient on one claim form.

CLEAN CLAIM

Clean Claim means one signed and submitted by the provider on a State approved billing form that can be processed without obtaining additional information from the provider of the service or from a third party.

It includes a claim with errors originating in the states claim system. It does not include a claim from a provider who is under investigation for fraud or abuse, or a claim under review for medical necessity or appropriateness.
